

LIVE
LIKE AN ORPHAN.

GIVE
TO AN ORPHAN.

CHANGE
A LIFE FOREVER.

THE FACE OF NOTHING

- There are over 150 million orphans in the world. (Only 250,000 are adopted each year.)
- 3 billion people live on less than \$2 a day.
- 3 billion people have no access to sanitation.
- 2 billion have no access to electricity.
- In the last 24 hours, 30,000 children around the world died from poverty-related causes. (That's over 10 million children a year.)
- Preventable water-related diseases kill one child every 15 seconds.
- Every 15 seconds another child becomes an AIDS orphan in Africa.
- Every day 5,760 more children become orphans.
- Every year 2,102,400 more children become orphans in Africa alone.
- Every day 38,493 children become too old to stay in the orphanage and are thrown out and left to fend for themselves. Many of these orphans are trafficked or become involved in drugs, prostitution or crime, and a high percentage commits suicide.

WHAT IS "7 DAYS OF NOTHING"?

"7 Days of Nothing" helps people to sacrifice nonessential things in order to provide essential things for orphans. For a week, "7 Days of Nothing" participants do without modern conveniences in order to experience, if only in small way, the deprivation that is a daily reality for so many, especially the world's most helpless—the orphans. Participants then calculate how much they saved by doing without, and donate that amount to Families for Orphans to help children in need.

Discover how the gift of sacrifice can deepen your sense of gratitude and can bless and change your life and the lives of others.

SET YOUR "7 DAYS OF NOTHING" GOALS

Whether participating as an individual, family or other group, to make the most of your "7 Days of Nothing" experience, we suggest making at least 7 sacrifices for at least 7 days. You can choose sacrifices from our list, or come up with your own ideas. Include sacrifices that will enable you to save money you otherwise would have spent, so you can then donate that amount to help orphans. Set a financial goal, a duration goal, and then a goal to challenge others to participate in "7 Days of Nothing."

THE FAMILIES FOR ORPHANS PROGRAM

Although food, water and shelter are essential for life, what many children want most is the love of a family. Tragically, orphanages around the world are filled with children who have parents or other family members who cannot care for them due to a lack of economic resources.

Families for Orphans, in conjunction with its partner organizations, helps family members care for their own children. Where family members are not available, we promote policies and programs that place children with substitute families either through foster care, or domestic or international adoption. We also serve vulnerable children by helping them access education and, for those children in crisis, we provide immediate life-saving assistance.
